

2022 Outstanding Service Award – Mike Trump

Our next award recipient is known for his patience and perseverance. For the past 8 years, Mike Trump has single handedly documented nearly every photograph on the ground floor of the SOHS Archives. That's nearly 600 boxes of photographs! Each day he works in the library he completely organizes a box of photographs, identifying the contents and arranging them numerically. To his frustration, and despite the library staff's best efforts, nearly every time a patron looks at a box, they jumble it just a bit, and Mike must restore its order.

However, he endures through disorder, computer glitches, scanner problems, and more—with few complaints—and we are pleased to be able to recognize **Mike Trump with a 2022 Outstanding Service Award.**
